

IESMA HISTORY-PURPOSE

- Established 1965 to represent Local Emergency Management Agencies. Further, IESMA utilizes a collaborative platform to enhance the emergency management profession through mutual aid services, public relations and professional standards. Evolution took us here:
 - Development of IEMMAS
 - Which led to ... Mutual Aid Agreements to support Local EMA during disasters or other emergencies that overwhelm local jurisdictions using members of EMAT (Emergency Management Assistance Team)
 - Creating a need for a 24 hr dispatch center, leading to the establishment of EM-COM (Emergency Management Communications)
 - Funded by ITTF / Emergency Management Committee and the Association (IESMA)

Gen – 01-02 IESMA-EMAT Mission Statement

...provide emergency management assistance as a mutual aid resource to agencies and jurisdictions in the State of Illinois for planned events and critical incidents...

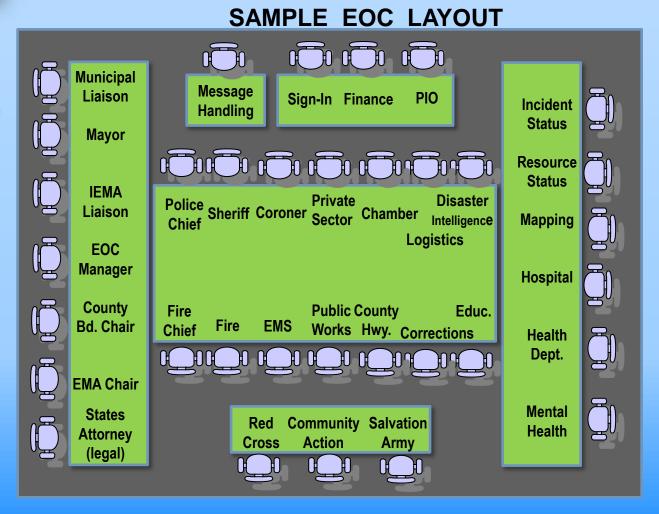

EMAT EOC Support

EMAT will support and help manage a local Emergency Management Agency EOC.

NOTE:

- Drawing not to scale.
- Other EOCs may have different participants and layout.

Local EOC Support

Resource status

Assessment of needs

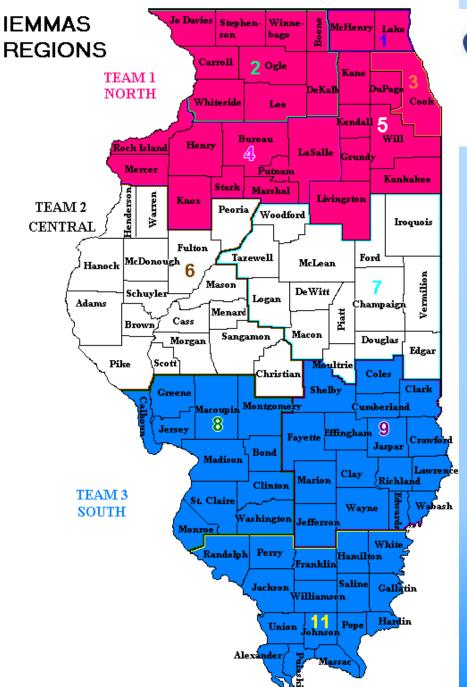

Three regional mobile support teams have been established to support local, State and Federal government during a time of disaster or emergency.

IESMA was called to provide emergency management assistance to cover IEMA

Since IEMMAS (EMAT) was established the team has been deployed to numerous Local, State and Federal Disasters

Lessons Learned from Past Deployments

- Rapid Deployment get in front of the situation.
- Situational Awareness, including prioritization.
- Team Members good, bad and otherwise
- Mutual Aid Agreements
- Reliable Communication
- Tools to perform needed functions
- Knowledge and ability

What do you get when you request an IESMA-EMAT resource?

- NIMS/ICS/State Qualified EMA personnel, from accredited and certified agencies.
- Operational equipment. (EOC support equipment, mobile command posts, generators, mapping, ...)

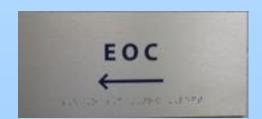

What we do

- EOC / EMA Support
- IAP development (if IMT not deployed)
- Traffic Plans
- Debris Management
- Communications Assistance (plans)
- Preliminary Damage Assessment
- Disaster Intelligence / Situational Awareness
- Resource management
- Provide force accounting
- Paper Pushers" Plans (IAP's & SITReps), Forms, Accountability, Intel Data Collection

Sourcing unusual items are possible

All EMAT members must have a Mutual Aid Agreement from their jurisdiction and a letter of recommendation from their home base (county or municipal) signed by CEO

Some EMAT Policies

&

Standard Operational Guidelines

The IESMA-EMAT deploys to assist a stricken agency in one of two means:

a.By the stricken agency requesting mutual aid through the SEOC or through EM-Com; or b.By request of the Illinois Emergency Management Agency in support of the state's initiatives to provide aid to a stricken agency or area.

Requests through the SEOC will be relayed to EM-Com or through the IESMA-EMAT liaison in the SEOC.

SIRC – 16-01 IESMA SEOC Liaison Purpose

Scope:

Provide short and long term professional emergency management personnel within the Illinois Emergency Management Agency's State Incident Response Center to support and assist with resource management, disaster intelligence, strategic planning and other duties as assigned.

SIRC – 16-01 IESMA SEOC Liaison Purpose
