Occam's razor

- **Occam's razor** is the problem-solving principle that the **simplest solution tends to be the right one**. When presented with competing [hypotheses](#) to solve a problem, one should select the solution with the fewest assumptions.
- The idea is attributed to [William of Ockham](#) (c. 1287–1347), who was an English [Franciscan](#) friar, scholastic philosopher, and theologian.
